

Appeal for Global Peace

Adopted at the 10th World Congress of WFUCA

28 October 2023

We, representatives of the World Federation of UNESCO Clubs and Associations (WFUCA in short), gathered together in Seoul, Republic of Korea, from 26 to 29 October 2023, to attend the 10th World Congress.

During the Congress, we have discussed various activities conducted by each member Federation and the modalities of our future activities. Our main purpose is to further the ideals of UNESCO among general public, in particular, young people, through concrete actions at national, regional and international level. We have reaffirmed our commitment to the noble ideals and principles of UNESCO enshrined in the Preamble of the Constitution.

While appreciating the supreme missions of UNESCO and the United Nations to realize global peace, we have to express our grave concern over the current humanitarian crisis in certain areas of the world.

As global citizens and as members of the Non-governmental UNESCO Club movement, we cannot stay silent, and we make our sincere appeal that a genuine peace should be restored in these areas as soon as possible on the basis of the moral and intellectual solidarity of the peoples of the world.
